

## **Tornado Global Hydrovacs Acquiring New Production Facility**

**CALGARY, December 17, 2019** – Tornado Global Hydrovacs Ltd. (“Tornado” or the “Company”) (TGH: TSX-V) is pleased to announce that it has entered into an agreement, subject to conditions, with an arm’s length third party vendor (the “Vendor”) to purchase an approximately 63,500 square foot facility built on approximately 17 acres of land located in Red Deer, Alberta (the “New Facility”) for \$6.5 million (the “Purchase Price”), which is scheduled to close on February 3, 2020. The acquisition of the New Facility was necessary as the Company’s lease for its current production facility located in Stettler, Alberta (the “Existing Facility”) will expire on June 30, 2021 and the Company expects its production demands will have out-grown the capacity of the Existing Facility.

The Company paid a deposit of \$150,000 toward the Purchase Price and the Vendor has agreed to provide a non-interest bearing vendor take-back mortgage for the balance of the Purchase Price with a \$500,000 principal reduction due on February 1, 2021 and the balance of the principal due on July 1, 2021.

### **About Tornado Global Hydrovacs Ltd.**

The Company designs, manufactures hydrovac trucks in Canada and sells hydrovac trucks for excavation service providers to the municipal markets and oil and gas industry in Canada and the USA. Hydrovac trucks use high pressure water to pulverize soil and turn it into mud, and then vacuum up the resulting mud into its tank. Tornado currently operates in North America. In China, the Company’s subsidiary is used principally to source certain parts to the Company’s North America operations.

### **Advisory**

*Certain statements contained in this news release constitute forward-looking statements. These statements relate to future events. All statements other than statements of historical fact are forward-looking statements. The use of the words “anticipates”, “should”, “may”, “expected”, “expects”, “believes” and other words of a similar nature are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. Although Tornado believes these statements to be reasonable, no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this news release should not be unduly relied upon. Such statements include statements with respect to the Company’s expectation that its production demands will have out-grown the capacity of the Existing Facility. Actual results could differ materially from those anticipated in these forward-looking statements as a result of prevailing economic conditions, and other factors, many of which are beyond the control of Tornado. The forward-looking statements contained in this news release represent Tornado’s expectations as of the date hereof, and are subject to change after such date. Tornado disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as may be required by applicable securities regulations.*
