

Tornado Global Hydrovacs Announces Departure of Tornado China Executive Officer

CALGARY, March 5, 2019 – Tornado Global Hydrovacs Ltd. (“Tornado” or the “Company”) (TGH: TSX-V) is pleased to announce that Vincent Zhang has been appointed President of the Company’s wholly owned subsidiary, Tornado Global Hydrovacs (Beijing) Limited (“Tornado China”), replacing Mr. Sean Li. We wish to thank Mr. Li for establishing the Company’s Tornado China operation. Mr. Li was president since August 2016.

About Tornado Global Hydrovacs Ltd.

The Company designs, manufactures and sells hydrovac trucks to excavation service providers to the oil and gas and municipal markets in Canada, USA and China. Hydrovac trucks use high pressure water to pulverize soil and turn it into mud, and then vacuum up the resulting mud into its tank. This method of excavation has proven to be the safest way to excavate around underground infrastructure. Tornado has been operating in North America since 1984. The Company established Tornado China in 2016 and it has been given a mandate to manufacture and sell the hydrovac trucks that have been redesigned and localized to satisfy the Chinese market.
